THANK YOU for selecting Progress Lighting

We can assist you with questions regarding product information, assembly or missing parts

Safety Information

Please read and understand this entire manual before attempting to assemble, operate or install the product.
CAUTION: Read instructions carefully and turn electricity off at main circuit breaker panel before beginning installation.
CAUTION: Risk of fire. Min. 90°C supply conductors. Consult a qualified electrician to ensure correct branch circuit conductor.
WARNING: If any Special Control Devices are used with this fixture, follow instructions carefully to assure full compliance with N.E.C. requirements. If there are any questions, contact a qualified electrical contractor.

Preparation

1. Before beginning installation, make sure all parts are included using the contents diagrams from page 1. If any part is missing or damaged, do not attempt to assemble, install or operate the product.
2. Estimated assembly time: 30 minutes.
3. Tools required for assembly (not included): Phillips screwdriver, pliers, wire stripper, safety glasses, electrical tape, ladder, saw.

Care and Maintenance

Shut off main power supply before cleaning product or changing light bulbs. To clean, wipe with damp cloth. Do not use abrasive cleaners or cleaners that contain alcohol.

Assembly Instructions

1a) For 4in hole mounting, proceed to step 1b. For 6in hole mounting make sure to first remove center knockout.

1b) Attach mounting bracket to the joists and drive the self drilling screws (not provided) into the Joists.

2. Use the mounting bracket as a template to create saw hole in the ceiling.
